Sheepylove Little Eddie Build Doc

It’s woolly, it’s greasey, it’s Sheepylove.

Sounds like mini EVH by dylan159

Based on the EVH Overdrive by Bajaman, it’s had slight component changes and a 3-band EQ.

This is a drive which can sound really awesome, it can nail some killer tones but needs you to get on top of it with the EQ controls. It’s not a “it sounds great everyway” pedal, it’s a hot rod which can get out of control!
